"Where individuals matter."

AUTHORISATION FOR THE PUBLICATION OF STUDENT PHOTOGRAPHS

Dear Parents,

The students of Diggers Rest Primary School are sometimes featured in newspaper articles and photographs highlighting the outstanding achievements of individuals and the exemplary programs offered by the school. It is recommended that we gain approval before photographs and children's names are made public.

During 2015, we intend to continue the development of the Diggers Rest Primary School Website and to utilise Facebook for promoting student achievements and information about our school. At some time your child's work and/or photos of your child may be selected to be published on our Website or Facebook page. These are both public sites, which means a global audience can view what we publish on the Internet.

Your child will continue to own the copyright on the work to be published and under no circumstances will any personal information, such as last names, home addresses or phone numbers be published on the Internet by the school.

Please complete the following form for your child/children:

Name of student: _____ **Grade:** _____

Name of student: _____ **Grade:** _____

Name of student: _____ **Grade:** _____

Please tick 3 boxes:

YES, I am happy for my child/ren's photograph and name to be used in the media or to publicise / promote the school and its activities.

NO, I do not want my child/ren's photograph and name to be used in the media or to publicise / promote the school and its activities.
